Principles and integrity are expensive, but they are among the very few things worth having.

Roy, as we discussed on the phone, here is the TO and IGCE for START to provide 3<sup>rd</sup> party lab analytical services for West Lake. I expect to be out in the field collecting samples and delivering to the lab next week (week of April 8) or possibly the week of April 15<sup>th</sup>. DeAndre has informed Bob Jackson about this mission-critical contract expenditure. I have updated with the 2013 labor rates.

Thanks,
